WITNESSETH:

WHEREAS, Grantor is the sole owner in fee simple of certain real property situated on Spring Lake Road in the Town of Milan, County of Dutchess, State of New York, consisting of approximately 34.973 acres and more particularly described in a deed dated February 5, 2005 and recorded in the office of the Dutchess County Clerk on February 7, 2005 as Document No. 02 2005 1162 and which property is also known as "Stonewood Subdivision" as shown on a map known as "Preliminary Plat Site Layout", prepared by Crawford & Associates Engineering, P.C. and last revised on July 17, 2006, which subdivision plat received final conditional approval from the Town of Milan Planning Board on September 6, 2006; and

WHEREAS, the Master Plan of the Town of Milan and the Greenway Compact, which was adopted by the Town of Milan on April 12, 2004 by Local Law No. 4 of 2004, encourages the preservation of open and undeveloped space, forested land, perpetuation of the Town's rural character and atmosphere and protection against erosion and deforestation; and

WHEREAS, in 1988 the Dutchess County Legislature adopted the County Master Plan, *Directions*, which, in Policy 5.19, advocates preservation of steep slopes and ridgelines and, in Policy 5.24, encourages the preservation of woodland "greenbelt" corridors through communities to provide recreational space, wildlife habitat, natural buffers and aquifer protection; and

WHEREAS, Grantor desires to grant to Grantee a Conservation Easement, and Grantee desires to accept the aforesaid Easement; and

WHEREAS, Grantor has offered to place certain portions of the subdivision, consisting of approximately 16.267 acres, in the southeasterly section of the site, identified as "Lot 10" on the aforementioned Final Plat Site Layout and further described in Schedule A" attached hereto (the "Easement Area") under a perpetual Conservation Easement; and

WHEREAS, by resolution dated April 10, 2006 the Town Board of the Town of Milan agreed to accept this Conservation Easement; and

WHEREAS, Grantee is a municipal corporation as defined in Section 2 of the General Municipal Law, and a "public body", as defined in the New York State Environmental Conservation Law ("ECL") §49-0303(3), and qualified under ECL §§49-0301 et seq., to accept a Conservation Easement; and

Grantor's intention to confine the use of the property to such activities that preserve the natural and scenic values of the property and maintain existing land use patterns consistent with these values.

4. Reserved Rights. Grantor reserves to itself, and to its successors and assigns, all rights and benefits accruing from ownership of the Property, including the right to sell, transfer, lease, mortgage or otherwise encumber the Property, subject to this Easement; the right to engage in, or permit others to engage in, all uses of the Property that are not expressly prohibited herein and are not inconsistent with the purpose of this Easement, including the unqualified right to exclude others from the land by all lawful means. All rights, interests, and privileges of the Grantor in the Easement Area not specifically granted herein shall remain with the Grantor, its heirs, successors and assigns.

Specifically EXCEPTED and RESERVED from the grant of this Easement are the rights and privileges described below, which are reserved to the Grantor, together with the right to grant the same or similar non-exclusive rights to others:

- A. Agricultural, horticultural, managed forest land, equestrian, passive recreational and open space uses, specifically excluding motorized off-road vehicles, rifle ranges, and other uses similar in character and potential impact as determined by the Planning Board, in accordance with the Town of Milan Code §200-39(A)(1)(b)(5).

This shall include, without limitation, the raising of agricultural and horticultural crops, boarding or maintenance of livestock and/or horses, horseback riding, passive recreational uses such as private walking trails, nature viewing and similar activities, and educational activities relating to the above. The activities listed herein, including the sale of crops raised on the premises, shall not be deemed to be a "commercial" use of the property in violation of paragraph "3(A)" above, and are permitted uses in the Easement Area unless restricted by a Homeowner's Association (HOA) and such restriction shall be effective during the existence of any HOA.

Specifically excluded, however, in accordance with Town of Milan Code §200-39(A)(1)(b)(2), are concentrated animal feeding operations ("CAFO's") as defined by the U.S. Environmental Protection Agency, or commercial livestock operations involving swine, poultry, mink, rallies and other animals likely to produce highly offensive odors.

- B. General maintenance of the Easement Area, including pruning, cutting, planting, landscaping, and clearing of trees and other vegetative materials in accordance with generally accepted forest conservation practices. Notwithstanding the foregoing, no living tree with a diameter in excess of five (5) inches in diameter at breast height measured from the down slope

side of the tree, may be cut without permission of Grantee, except trees may be removed which endanger public safety, are diseased, damaged or fallen, or need to be cleared to ensure the health of other trees. All clearing of trees and vegetation shall be conducted in conformity with sound land and forest management practices to minimize erosion and adverse impacts on natural resources.

C. In accordance with ECL §49-0305(3)(b), this Easement shall not limit, restrict or modify the right to construct, operate or continue the use of any facility, or impede any activity, duly authorized under the applicable provisions.

5. Enforcement. The Grantee may enforce this Conservation Easement against any violating party, in law or equity pursuant to the provisions of Article 49 of the ECL and Milan Code §200-39(b)(4) at Grantee's sole cost and expense, subject to the right of the Grantee to recover costs and attorneys fees, as provided in more detail below. If Grantee determines that Grantor, its Tenants, or any of its successors or assigns, is in violation of this Easement or that a violation is threatened, Grantee shall give written notice by certified U.S. Mail, return receipt requested, to the violating party of such violation and demand corrective action sufficient to cure the violation and, where the violation involves injury to the Easement Area resulting from a use or activity inconsistent with the purpose of this Easement, to restore the portion of the Easement Area so injured. If the violating party fails to cure the violation within thirty (30) days after service of notice thereof from Grantee, or under circumstances where the violation cannot be reasonably cured within a thirty (30) day period, fails to begin curing such violation within the thirty (30) day period, or fails to continue diligently to cure such violation until finally cured, Grantee may bring an action at law or in equity in a court of competent jurisdiction to enforce the terms of this Easement, to enjoin the violation, by temporary or permanent injunction, to recover any damages, including recovery of reasonable costs and attorneys fees, to which it may be entitled for violation of the terms of this Easement, which damages shall be applied to defray the cost of undertaking corrective action within the Easement Area, and to otherwise require the restoration of the Easement Area to the condition that existed prior to any such injury. Grantee's rights under this paragraph apply equally in the event of either actual or threatened violations of the terms of this Easement, and Grantor agrees that Grantee's remedies at law for any violation of the terms of this Easement are inadequate and that Grantee shall be entitled to the injunctive relief described in this paragraph, both prohibitive and mandatory, in addition to such other relief to which Grantee may be entitled, including specific performance of the terms of this Easement, without the necessity of proving either actual damages or the inadequacy of otherwise available legal remedies. Grantee's remedies described in this paragraph shall be cumulative. Where the party alleged to be in violation disputes the allegation that violation(s) exist, the determination as to the existence of such violation(s) shall be made by a court of competent jurisdiction.

Upon conveyance of all of the subdivision lots, Milan Wood and Water, LLC shall have fully performed all of its commitments hereunder and it shall have no further liability hereunder, except that liability for acts or omissions occurring prior to the transfer shall survive the transfer.
